Lower Oxford Township Zoning

Establish Structure - Carports, Gazebos, Patios, etc.

Application – NO PLAN REVIEW REQUIRED

Plot Plan of Property

- Structure may not be erected closer than 10 feet to property line and be placed in side and rear of property (unless approved in advance by Zoning Officer).
- Locate all buildings on property and distances between them. Must maintain 20' between permanent buildings.
- Provide distances from well and septic (if applicable)
- Provide location of replacement area septic area (if applicable).

Stormwater Management – Act 167 - Pennsylvania’s Storm Water Management Act (Act 167) was enacted in 1978. This Act was in response to the impacts of accelerated stormwater runoff resulting from land development in the state. It requires counties to prepare and adopt watershed based stormwater management plans. It also requires municipalities to adopt and implement ordinances to regulate development consistent with these plans.

- As of January 1, 2014, the State requires any construction that results in impervious surface to be monitored. Residential construction that exceeds 1,000 sq. ft. in impervious surface will need a stormwater management plan that must be approved by an engineer. This should accompany any plans submitted by the owner or contractor.
