Method of Payment: Check # _____ (Payable to Lower Oxford Township) Money Order Cash (No Credit Cards Accepted)

 **If you have questions, or unsure about the interpretation of this requirement, please contact the Codes Enforcement Officer at 610-932-8150 (Option #3)**

- To qualify as a farm, property must be at least ten (10) acres.
- The building to be constructed must be an agricultural building and meet the definition of an Agricultural Building as cited in the PA Department of Labor & Industry, Uniform Construction Code Statute, Chapter 1, §7210.103 - Agricultural building. A structure utilized to store farm implements, hay, feed, grain or other agricultural or horticultural products or to house poultry, livestock or other farm animals, a milk house and a structure used to grow mushrooms. The term includes a carriage house owned and used by members of a recognized religious sect for the purposes of housing horses and storing buggies. The term shall not include habitable space or spaces in which agricultural products are processed, treated or packaged and shall not be construed to mean a place of occupancy by the general public.
- No barn lot, mushroom house or manure storage shall be established closer than 100 feet to any property line, or 100 feet from the centerline of a public right-of-way (center of road).
- No construction shall be permitted in the 100-year flood plain zone, replacement septic area, or wetland areas.
- Permit becomes invalid if work is not commenced within 180 days of issuance or if work is suspended or abandoned for more than 180 days after work begins.
- Permit holder may request an extension for construction of Ag Building. Approval must be in writing.
- Please see attached for fee schedule.

Payment to Secretary/Treasurer: _____/_____/_____
Blue Weather Card to Building Inspector: _____/_____/_____

Certificate of Use Issued for SWM Only: _____/_____/_____

PLOT PLAN

Outline the shape of the building lot and show dimensions. Locate NORTH point. Outline accessory building to be constructed and designate any other building(s) on the same plot and show dimensions of those buildings. Show set-back of front yard, rear yard, and side yards. Locate water and sanitary services, and replacement area septic (if applicable). Check with Zoning Officer for appropriate setbacks.

Lower Oxford Township

Construct Ag Building (Any Size)

Zoning

Application – NO PLAN REVIEW REQUIRED

Plot Plan of Property

- No barn lot, mushroom house or manure storage shall be established closer than 100 feet to any property line, or 100 feet from the centerline of a public right-of-way (center of road).
- The building to be constructed must be an agricultural building and meet the definition of an Agricultural Building as cited in the PA Department of Labor & Industry, Uniform Construction Code Statute, Chapter 1, **§7210.103 - Agricultural building**. A structure utilized to store farm implements, hay, feed, grain or other agricultural or horticultural products or to house poultry, livestock or other farm animals, a milk house and a structure used to grow mushrooms. The term includes a carriage house owned and used by members of a recognized religious sect for the purposes of housing horses and storing buggies. The term shall not include habitable space or spaces in which agricultural products are processed, treated or packaged and shall not be construed to mean a place of occupancy by the general public.
- Locate all buildings on property and distances between them. Must maintain 20' between permanent buildings.
- No construction shall be permitted in the 100-year flood plain zone, replacement septic area, or wetland areas.
- Provide distances from well and septic (if applicable)
- Provide location of replacement area septic area (if applicable).

Stormwater Management – Act 167 - Pennsylvania’s Storm Water Management Act (Act 167) was enacted in 1978. This Act was in response to the impacts of accelerated stormwater runoff resulting from land development in the state. It requires counties to prepare and adopt watershed based stormwater management plans. It also requires municipalities to adopt and implement ordinances to regulate development consistent with these plans.

- As of January 1, 2014, the State requires any construction that results in impervious surface to be monitored. Residential construction that exceeds 1,000 sq. ft. or an Ag structure that exceeds 10,000 sq. ft. of impervious surface will need a stormwater management plan that must be approved by an engineer. This should accompany any plans submitted by the owner or contractor.

Collection of Fees:

<input type="checkbox"/> Permit Fee	\$150.00
<input type="checkbox"/> UCC Fee.....	\$4.50
<input type="checkbox"/> SWM Exemption Fee (if under 1,000 sq. ft.).....	\$25.00
